

Corporate Social Responsibility – 2015

It is an undeniable fact that the unprecedented rains whipped Chennai and parts of coastal Tamil Nadu and had brought untold miseries to the people. In many areas of TN, houses were submerged in flood waters, and all the belongings of the people were completely destroyed. In immediate response to this massive flooding, Vmoksha has donated Rs. 30,000 for rescue and relief operations.

To help a few families from Cuddalore district, Vmoksha employees not only offered funds and also assisted people by providing provision material. A group of Vmokshaites went to Cuddalore district and provisioned the affected people with Saree, Bed sheet, Mosquito nets, Rice, Dhal, Biscuit, and Water bottles in Nellikuppam, Kamaraj Nagar, and Jeeva Nagar areas. In addition, they have also organized Medical Camp for the people located in Kamaraj Nagar.

The contribution is meant to help at least few families by providing relief to victims of the flood and trying to resettle them as soon as possible.
